I519 2009f OCLC Number: (OCoLC)645161858 Subject: Geospatial data -- Government policy -- United States. Excerpt: . . . 11 the NSDI. The resulting document, NSDI Future Directions Initiative, Towards a National Geospatial Strategy and Implementation Plan , drew on the collective in-sights and contributions of the geospatial community at-large and requires a variety of organizations and individuals to become involved and share the responsibility for implementation in order to achieve success. This report provides a context for action to address the needs of the geospatial community, built on past successes and pro-viding the blueprint for collective action. The strategy described in the report: Is based on communication, cooperation, and partnerships; Reflects an integrated approach to access critical geospatial data and products; Recognizes the need to communicate the NSDI's value beyond current constitu-ents; Emphasizes coordination of resources and appropriate technical services for all Federal and non-federal entities; Focuses on achieving interoperability and framework standards compliancy and adoption; and Outlines procedures, defined more concretely in its accompanying Action Plans, for achieving each objective and serves as a starting point to address the issues. Geospatial Line of Business Subsequent to development and execution of this National Strategy, the FGDC embarked on a follow-up effort to enhance coordination across federal agencies. The FGDC used a business process approach in developing the next iteration of its stra-tegic efforts in 2006 through the OMB sponsored Geospatial Line of Business Initia-tive. The Geospatial Line of Business is a government-wide initiative, sponsored by the Office of Management and Budget that focuses on improving government effec-tiveness by promoting the use of geospatial information in order to improve both the policy...
