

## Exploiting Software: How to Break Code

---

By Greg Hoglund, Gary McGraw, Aviel D. Rubin

Pearson Education (US). Paperback. Book Condition: new. BRAND NEW, Exploiting Software: How to Break Code, Greg Hoglund, Gary McGraw, Aviel D. Rubin, Praise for Exploiting Software "Exploiting Software highlights the most critical part of the software quality problem. As it turns out, software quality problems are a major contributing factor to computer security problems. Increasingly, companies large and small depend on software to run their businesses every day. The current approach to software quality and security taken by software companies, system integrators, and internal development organizations is like driving a car on a rainy day with worn-out tires and no air bags. In both cases, the odds are that something bad is going to happen, and there is no protection for the occupant/owner. This book will help the reader understand how to make software quality part of the design—a key change from where we are today!" -Tony Scott Chief Technology Officer, IS&S General Motors Corporation "It's about time someone wrote a book to teach the good guys what the bad guys already know. As the computer security industry matures, books like Exploiting Software have a critical role to play." -Bruce Schneier Chief Technology Officer Counterpane Author of Beyond Fear and...

### Reviews

*This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).*

-- **Prof. Kirk Cruickshank DDS**

*This kind of book is every little thing and taught me to looking ahead of time and a lot more. I am quite late in start reading this one, but better then never. I found out this book from my dad and i encouraged this pdf to find out.*
