Oxford University Press Inc. Paperback. Book Condition: new. BRAND NEW, Oxford American Handbook of Reproductive Medicine, Hugh S. Taylor, Tamir S. Aldad, Enda McVeigh, Roy Homburg, John Guillebaud, Reproductive medicine is the most dynamic area within obstetrics and gynecology and, arguably, the most complicated. An explosion of scientific understanding and technological capabilities - particularly in contraception, infertility and menopause - has transformed the specialty into a high-profile subject that touches upon endocrinology, embryology, andrology, surgery, social science, and practical law and ethics. The Oxford American Handbook of Reproductive Medicine provides a practical overview of the reproductive system and a systematic approach to its disorders, covering diagnosis, assessment, and ongoing management with particular emphasis on common and important presentations. Concise, readable, and pocket-sized, this handbook is useful for medical students, primary care clinicians, and ob/gyn residents as a ready reference for daily practice.
