# A Treatise Un Ordinary and Partial Differential Equations (Paperback)

Filesize: 6 MB

Reviews

This publication is definitely not simple to begin on studying but quite fun to see. It really is full of knowledge and wisdom I am just effortlessly can get a satisfaction of studying a created pdf.
(Alfreda Bradtke)

A TREATISE UN ORDINARY AND PARTIAL DIFFERENTIAL EQUATIONS (PAPERBACK)

To save **A Treatise Un Ordinary and Partial Differential Equations (Paperback)** eBook, make sure you access the web link beneath and download the ebook or gain access to additional information that are relevant to A TREATISE UN ORDINARY AND PARTIAL DIFFERENTIAL EQUATIONS (PAPERBACK) ebook.

Rarebooksclub.com, United States, 2012. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1889 Excerpt: .hence derive the integral ys = (a, ft 1 + a + 0-y, I--). A comparison of this integral with yx or F(a, ft y,) shows that from.any integral expressed by a hypergeometric series we can derive another integral of the same equation by making the above-mentioned change in the third element, and at the same time changing the fourth or variable element to what may be called its complement, that is, the result of subtracting it from unity. The process applies equally well to an integral of the form y =. wv, where v is a hypergeometric series; for a new integral of the equation for v gives a new integral of the equation for y. Thus the integrals y- yv and yA would lead to the three new integrals yv y6, and y8) which will be found in a subsequent article. XVI. CHANGE OF THE INDEPENDENT VARIABLE. 21$ 199. It is shown in Art. 194 that, when we change the independent variable to z =-, the binomial equation retains x its form. The equation considered in that article becomes that of the hypergeometric series when we put a = o, whence t =--a. Thus equation (1), Art. 194, gives the integral A comparison of this integral with F(a /?, y, x) gives a method by which we may pass from any integral in the form of a hypergeometric series to another in which the variable element is replaced by its reciprocal; and, as...
