Createspace, United States, 2012. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Strange, invisible creatures wage wars and create substances which control everything we see and do. Only a chosen few maintain order among these violent forces and the evil which seeks to destroy humanity. Unseen for centuries, these invisible creatures, called element guardians, finally reveal themselves to five siblings who embark on a series of terrifying yet thrilling adventures. Welcome to the volatile chemical world, a world we survive each day without ever knowing exactly how precarious and unstable our earth is. In the Adventures of the Elements, kids are empowered to solve everyday problems. The stories create a call to action, to improve ourselves and our environment no matter how difficult the struggle. In the story, everyone is engaged in a volatile struggle. There is no escape but it is your choice whether to aid the element guardians in battling the evils of humanity. The more evil grows, the more it contributes to the strength of evil molecules and elements in their quest to destroy our world. The choices we make can alter these elements and molecules views and ultimately shift the balance of power. Unfortunately, there is no end to the vigilance we must all maintain because the chemical world is in a constant state of flux, chaos, and change. Adventures of the Elements depicts this saga of two brothers and three sisters encounters with the mythical guardians of the elements who are personified into superhero-like characters. Through a medium fabricated by the children s act of unearthing and wearing a magical pair of sunglasses, the siblings not only see the elements and molecules but the chaotic chemical world in it most horrific yet beautiful detail. The...
